

Powered by Pulse Deliver

Pulse Deliver connects with target audiences in their native languages on platforms they already use to address global security challenges and deliver rapid, representative, and actionable results.

DISCOVER

DATA COLLECTION, ANALYSIS, AND VISUALIZATION

INSIGHTS

EXPERT ANALYSIS TO MEASURE INFORMATION OPERATIONS

DELIVER

GLOBAL ENGAGEMENT THROUGH MESSAGING, ADVERTISEMENT, AND SURVEY

RESULTS-FOCUSED STRATEGIES

Collaborate to identify most likely causes of behavior changes and develop targeted strategies based on demographics like age, gender, interests, & location.

REPRESENTATIVE DATASETS

Utilize infrastructure and social realities to create frameworks for representative samples using trusted demographic data.

TAILORED ENGAGEMENTS

Develop instruments and custom advertisements guided by the target audience's culture and language.

SCALABLE IMPLEMENTATION

Conduct remote surveys through social media, demand side platforms, chat applications, SMS, interactive voice response, paper-to-digital, and enhanced face-to-face or phone interviews.

DATA COLLECTION AND ANALYSIS

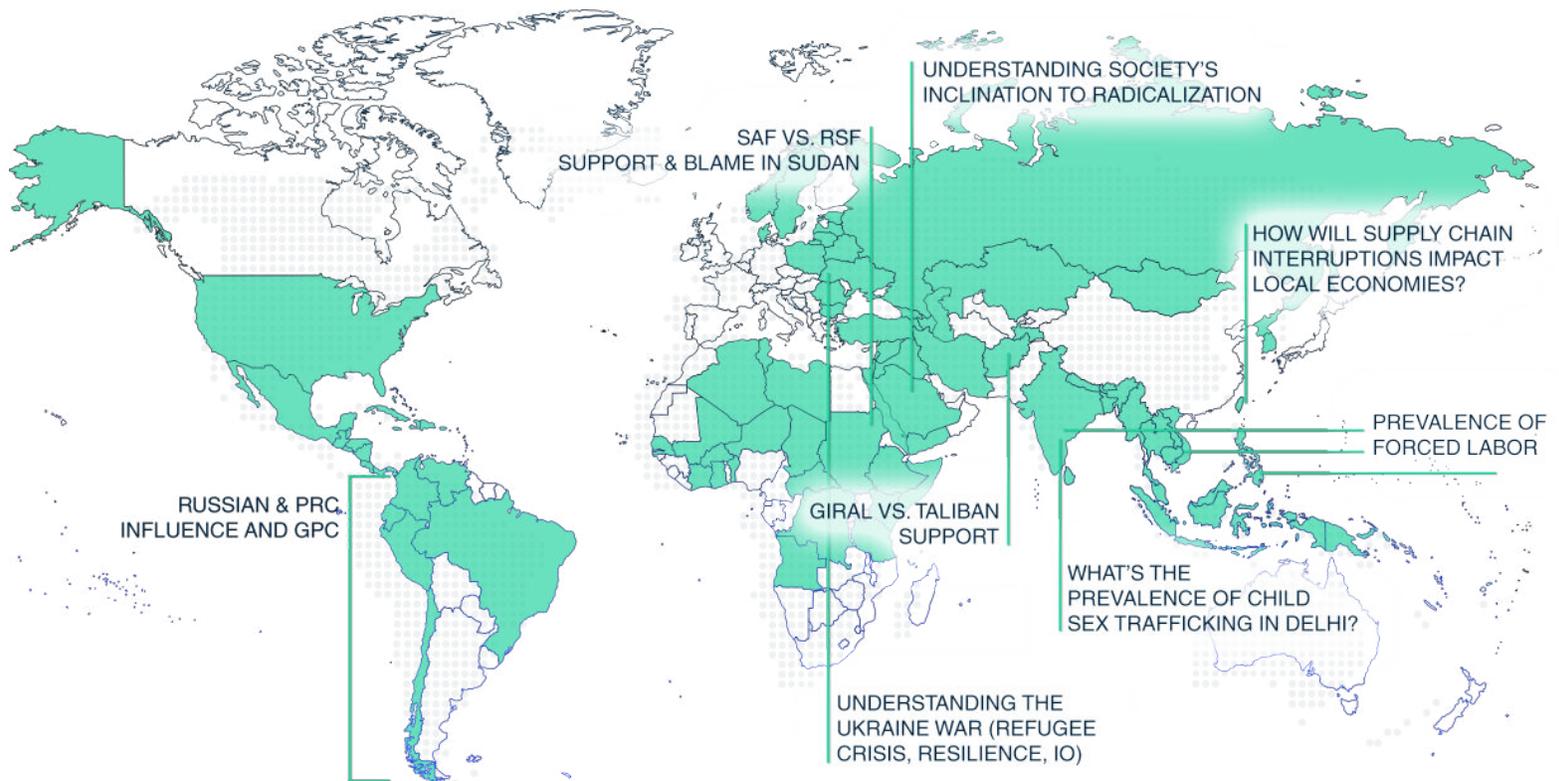

Access real-time data with enrichments such as translation, trend analysis, correlation, weighting/raking, and statistical tests. We also have an existing database of questions and responses for rapid assessment.

Applications:

- Baseline assessments
- Pre & post-intervention analyses
- Behavior change communication
- Efficacy assessments
- Monitoring and evaluation
- Hidden population estimation
- Longitudinal assessments

Our team of survey methodologists, cultural experts, and engineers fuse technology with tradecraft and rigor to deliver representative results at a fraction of the time and cost of traditional approaches without sacrificing quality.

Our Reach

Since 2017, we have conducted over 200 surveys across 89 countries in 54 languages, reaching hundreds of millions with over 3 million answering critical questions for our clients. We can effectively measure pro/anti stance toward a target, such as support for U.S. government activities.

Performance:

- 200+ Surveys
- 89 Countries
- 50+ Languages
- 3M+ Respondents

Representative surveys can be conducted anywhere in the world through Pulse Assessments, enabling us to operate in the most remote and restricted areas and measure effectiveness of operations in the information environment across each Combatant Command.
